## Miller Media Release – Condor G-Series Series chosen a Top 10 Product of the Year by AgProfessional

The All-New Miller Condor G-Series sprayer has been chosen as a Top 10 Product of the Year for 2009 by the editors of AgProfessional. The Condor is now in the running for the Readers' Choice Top Product of the Year Award, to be announced in the February, 2010 issue of AgProfessional.

### AgProfessional

AgProfessional's editors have picked their Top 10 Products of the Year for 2009, and it's your turn to pick which of these 10 products is your choice for the Readers' Choice Top Product

of the Year. The Top 10 products were selected based on the newness of the product and how well the information was communicated to the editors.

Hundreds of new products and product upgrades are announced with news releases and different methods of contact by companies and their public relations agencies. Each year some of the products stand out as exceptional and as potential industry changing. The new products had to be announced during late December 2008 through mid-November 2009, which allows time to pick the winners for publication in this end-of-year issue of AgProfessional.

The winning companies/products were introduced with stimulating information that showed each company's excitement about introducing a revolutionary product or a major upgrade and specifically targeting the audience of AgProfessional magazine-crop consultants, farm managers and ag retailers.

Tim Criddle  
Director of Marketing,  
Miller St. Nazianz, Inc.
