**Miller Media Release – Condor G-Series Series a 2010 FINOVATION Award Winner**

Congratulations to Miller-St. Nazianz for winning a *Farm Industry News* FinOvation award for 2010. The Condor G Series sprayer won the award in the sprayer category and it will be recapped in a story published in our January issue.

Each year, *Farm Industry News* names the more innovative products published in our magazine and online during the past 12 months (November 2008 to October 2009). These awards are called the FinOvation awards and are based on reader interest, from online views and readership cards to voting from our farmer panel.

In addition to the story in FIN, our magazine hosts a FinOvation banquet held during the National Farm Machinery Show, Louisville, KY. We present trophies to the winning companies. The banquet will be held Thursday, Feb. 11.

**Miller Condor G-series sprayers**

AN ALL-NEW line of Miller Condor G-series sprayers with mechanical drive includes the G40 and G75 models. The new machines feature a new styling that matches that of the 4000 series Nitro sprayers and a new hood design that is easy to open. Also new is the ability to add the Spray-Air boom with widths up to 103 ft. to the G40 sprayer and a dual-fan configuration on booms up to 120 ft. wide on the G75 sprayer.

**SPRAYER {FINOVATION} AWARD WINNER**

A handwritten signature in black ink, appearing to read "Tim Criddle".
